Naples, March 22 - 23, 2017 • *Royal Continental Hotel*

On March 23 in occasion of the 80th birthday of Prof. Robert Gallo the Pioneers in Infectious Agents and Cancer Meeting will be held in Naples at the Conference Hall of the Royal Continental Hotel.

The 2017 Pioneers in Infectious Agents and Cancer Meeting, whose main objective is to celebrate scientists who contributed most to the field, will be focused on the work and accomplishments of Prof Gallo and his collaborators covering the major thematic areas in which his activities were held over a >30-year period at the NIH in Bethesda before and subsequently at the [Institute of Human Virology – IHV](#) in Baltimore.

The Meeting will be articulated in the following 4 sessions: **HTLV discovery; HIV identification; Pathogen-driven Opportunistic Cancers; Preventive and Therapeutic Vaccines.**

Details of the meeting are available at the website:
