

6th Annual Short Course

in Basic and Translational Virology | Preliminary Program

Baltimore, MD | July 28- August 3, 2019

Sunday, July 28

3:00 PM	Hotel Check In
---------	----------------

Monday, July 29

9:00-10:00 AM	Yutaka Tagaya, MD, PhD, Institute of Human Virology "Human T-cell leukemia virus-1, an exceptionally oncogenic retrovirus"
10:00-10:15 AM	Coffee break
10:15-11:15 AM	Marv Reitz, PhD, Institute of Human Virology "HIV Pathogenesis"
11:15-12:15 PM	Robert Gallo, MD, Institute of Human Virology "Human Retroviruses: HTLV and HIV: an Overview"
12:15- 1:15 PM	Lunch & group picture
1:15-2:15 PM	Shyam Kottilil, MD, PhD, Institute of Human Virology "Hepatitis C"
2:15-3:15 PM	Christian Brechot, MD, PhD, Global Virus Network "Hepatitis B"
3:15-3:30 PM	Coffee break
3:30- 4:30 PM	Ab Osterhaus, DVM, PhD, University of Veterinary Medicine Hannover

6:00-8:00PM	"One Health" Short Course Opening Event Hilton Baltimore Inner Harbor
-------------	--

Tuesday, July 30

8:15 AM	Transportation to Johns Hopkins Bloomberg School of Public Health
9:00-10:00 AM	Diane Griffin, PhD, MD, Johns Hopkins Bloomberg School of Public Health "Measles"
10:00-11:00 AM	Jose Esparza, MD, PhD, Institute of Human Virology "Vaccines"
11:00-11:30 AM	Break
11:30-12:30 AM	Marcelo Jacobs-Lorena, PhD, JH Bloomberg School of Public Health "Insectary Tour"
12:30-1:30 PM	Lunch
1:30-3:30 PM	GVN Short Course Participant's research presentations
3:30-4:30 PM	Elyse Grossi-Soyster, MS, Stanford University School of Medicine "New Emerging Leader presentation"
4:45 PM	Transportation to hotel

Wednesday, July 31

9:00-10:00 AM	Niel Constantine, PhD, Insitute of Human Virology "Laboratory diagnostics"
10:00-11:00 AM	Kara Carter, PhD, EVOTEC "Antiviral drug discovery"
11:30- 12:30 AM	Robert Garry, PhD, Tulane University "Ebola and Lassa fever"
12:30-1:30 PM	Lunch
1:30-2:30PM	Konstantin Chumakov, PhD, FDA "Polio and other Enteroviruses"

2:30-3:30 PM	Richard H. Scheuermann, PhD, J Craig Venter Institute Bioinformatics
3:30-4:00 PM	Coffee Break
4:00-5:00 PM	Florian Krammer, PhD "Influenza"

Thursday, August 1

7:00 AM	Transportation to NIH Main Campus, Bethesda, MD
8:30 AM	Arrival at NIH. Security Checkpoint
9:00-10:30 AM	Vaccine Research Center
11:00-12:15 PM	National Library of Medicine
12:30-1:30 PM	Lunch
1:45-2:30 PM	NIAID and Fogarty Presentations
2:30- 3:10 PM	Veffa Franchini, MD, NCI <i>TBA</i>
3:15- 4:15 PM	Travel to Baltimore

Friday, August 2

9:00-10:00 AM	Christopher J. Kratochvil, MD, University of Nebraska Medical Center "Biosafety and Biosecurity"
10:00-11:00 AM	Man E. Charurat PhD, MHS, Institute of Human Virology "Biosurveillance"
11:00-11:15 AM	Coffee Break
11:15-12:15 PM	Clement Adebamowo, BM, ChB, ScD, FWACS, FACS, IHV "Human Papilloma Viruses"
12:15-1:30 PM	Lunch
1:30-2:30 PM	Scott Weaver, PhD, UTMB "Arboviruses"

2:30-3:30 PM	Gene Morse, PharmD,FCCP,BCPS, University of Buffalo "Current Approaches to Antiviral Drug Development"
3:30-4:00 PM	Natalia Mercer, PhD, Global Virus Network "Overview of the Global Virus Network"
4:30-5:00 PM	Participants vote for the next Emerging Leader in Medical Virology. Closing comments and course evaluation.
5:30-7:30 PM	Short Course Closing Dinner

Saturday, August 3

Before noon	Hotel check-out
